Your skin's memory

THE BRAND CONCEPT

1961 a visionary & passionate pharmacist

The PIER AUGÉ brand was founded in 1961 by Pierre-Jules AUGÉ in Monaco. A visionary pharmacist, he was interested in the latest work carried out on the skin and its physiological composition. He then started from the following assumption:

«Since the skin is a formula, it must be possible to reproduce it.»

The exclusive concept of the Dergyl© method takes shape: an emulsion of the same nature, same structure and same composition as the skin. He created his first ENTAL Delicate cream as a declaration of love to his wife with delicate and fragile skin. His first line of ENTAL cosmetics would follow.

What is the Dergyl© method?

In 1961, scientists demonstrated that the skin is an emulsion made up of proteins, carbohydrates, lipids, water and mineral salts. Fascinated by this discovery, Pierre-Jules AUGÉ understood that these elements are inseparable, that the skin has specific needs and that only active ingredients corresponding to its own chemistry can maintain and restore its functions. He decided to reproduce the skin's formula and create the Dergyl© method: an emulsion of the same nature, same structure and same composition as the skin.

This method is based on two fundamentals: **respect for the physiological formula of the skin** and **the precise selection of active ingredients meeting identified needs**.

Restoring the skin's original balance by taking inspiration from its deep nature is at the heart of our approach. It is by giving it back what belongs to it, by reminding it of what is essential to it, that our treatments allow the skin to protect itself and regenerate itself effectively. Its memory thus revived, the skin regains all its integrity, vigour and full radiance.

1961-2021

PIER AUGÉ has been founded in 1961 in Monaco and set up in Châteauroux in 1967, taking advantage of the departure of the Americans who left behind large available land. Managed by the AUGÉ family for several decades, the company has succeeded in building on this scientific and methodological heritage, which has enabled solid consistency in the lines of treatments, some of which have become iconic. Today this story continues with the takeover of the company in July 2020 by two young entrepreneurs Diane de COMTE (President) & Charles DUPONT (Managing Director) and with them a new impetus is given.

Our services

All our products are designed and manufactured at the Châteauroux site (France).

- Research and development: from the formulation of a new product to regulatory tests
- Production: manufacture of all products in our ranges
- Partnerships: Airlines and SPA Balsanéó in Châteauroux.

Presence in France and internationally

The link between health and beauty

Innovative treatments that respect the natural balance of the skin:

- more than 180 formulas
- 1 patent on the alliance of Hp DNA and hyaluronic acid awarded by the CNRS & ANVAR
- Technical ingredients (Hp DNA, tri-hydration complex)
- Silky textures with delicate scents
- Signature active ingredients: HP DNA, Fluorinated oils, semi-precious stones

THE MAKE-UP REMOVERS

FUTURE NAME
"THE ESSENTIALS"

On a daily basis, removing make-up, cleansing and toning the epidermis is the secret to beautiful skin. Our cleansers and make-up removers prepare the skin for our treatments.

HUILE LACTÉE

Total Cleansing Oil

ALL SKIN TYPES

DESCRIPTION	An oil that turns into a milky emulsion for a perfect and gentle make-up removal.
ACTIVE INGREDIENT(S) AND RESULT	Apricot kernel oil rich in omega 6 & 9 and A vitamins, vitamin E antioxidants help fight skin aging by revitalising the skin. The skin is toned and illuminated. Macadamia oil allows effective make-up removal, while providing comfort and protection.
USE	In the evening, place 2 pulses of cleansing oil in the palm of your hand. Apply to dry skin all over the face, eyes, neck and massage. Add a little water to turn the oil into milk. Rinse thoroughly. Complete the rinse with a damp towel. Then use a cleanser adapted to the type of skin and complete with TONIC gentle lotion.
THE LITTLE +	In a single step, removes make-up from the face and eyes. Perfectly removes even waterproof makeup, excess sebum and pollution. Ideal for people who like to use water. This fine and light oil is transformed into a milky emulsion that is pleasant to use and easy to rinse. Does not leave an oily film on the skin. Removes make-up while leaving a soft veil on the skin. Suitable for all skin types, even the most delicate or oily. Then use a cleanser adapted to the type of skin and complete with TONIC gentle lotion.
PRESENTATION	200ml pump bottle

Gentle cleanser Leapsal CLEANSER

Future name

LEAPSAL
Gentle make-up remover

ALL SKIN TYPES

DESCRIPTION	A cleansing milk for all skin types. With its light and creamy texture, this milk provides gentle, complete make-up removal.
ACTIVE INGREDIENT(S) AND RESULT	Lanolin oil provides hydration and softness, while restoring suppleness to the skin.
USE	Morning and evening, apply to face and neck, emulsify in circular motions. Rinse with lukewarm water using a wipe, then use a cleanser adapted to the type of skin and complete with TONIC gentle lotion.
THE LITTLE +	Gently removes make-up in a single step. For the most delicate skin. Does not dry out the skin.
PRESENTATION	200ml pump bottle

SAVON Cleansing Cream

ALL SKIN TYPES

DESCRIPTION	An extra gentle daily cleanser for all skin types. With its "soap-free" formula, this cream cleanser removes all impurities without drying out. The skin instantly looks fresh and clear.
ACTIVE INGREDIENT(S) AND RESULT	Protein complex enriched with amino acids: protects the skin and stimulates skin cells. Softens and nourishes the skin.
USE	Place a small amount of product in the palm of your hand. Emulsify on dry skin, in circular movements on the face and neck. Rinse with warm water. Complete the cleansing with the TONIC gentle lotion.
THE LITTLE +	Can be used morning and evening. Gently cleanses; all types of skin, even the most delicate. Creamy texture, leaves the skin soft and comfortable from the first use.

L'EAU DE MOUSSE

Radiant Cleanser

ALL SKIN TYPES

DESCRIPTION	<p>This water is transformed into a light and creamy foam for complete and very gently cleansing of the face and the eyes. The skin is clear, fresh, perfectly hydrated* and luminous.</p> <p>*the upper layers of the skin</p>
ACTIVE INGREDIENT(S) AND RESULT	<p>Bio-mimetic moisturiser, reproduces the structure of the phospholipid membrane. Supports the skin's natural protective barrier.</p> <p>Natural softening complex derived from borage oil, rich in omega 6. Provides softness and hydration.*</p> <p>Amino-peptide complex derived from soy proteins, rich in peptides and mineral salts. Accelerates the respiration of cells, stimulates their growth and contributes to the maintenance of their function.</p> <p>Provitamin B5, strengthens the skin barrier, soothes and moisturises.</p> <p>*the upper layers of the skin</p>
USE	<p>Morning and/or evening, place two pulses of Eau de mousse in the palm of your hand. Apply to slightly moistened face and neck, massage in circular motions and rinse with water.</p> <p>Complete the cleansing with the TONIC gentle lotion.</p>
THE LITTLE +	<p>Gently cleanses the face and eyes in a single step. Ideal for people who like to use water.</p> <p>2 in 1 product, pleasant to use.</p> <p>This water turns into a generous and airy foam to bring freshness and softness.</p> <p>Intended for all skin types, particularly dull skin.</p>
PRESENTATION	<p>150ml pump bottle</p>

MYPERFECT GEL

Gentle Purifying Cleanser

Future name

PURIFIE
Cleansing gel

COMBINATION TO OILY SKIN TYPES

DESCRIPTION	The gentle cleanser for oily skin. This refreshing gel cleanses and purifies the skin. Impurities are removed. Excess sebum and shine are controlled.
ACTIVE INGREDIENT(S) AND RESULT	Burdock extract: purifying and anti-microbial. Moisturizing* and softening. Anti-microbial sebum regulator: limits the proliferation of germs. 50% inhibits the enzyme responsible for sebum production. The skin regains its glow. Soft foaming agent: cleanses the skin without attacking it. The skin barrier is respected. *the upper layers of the skin
USE	Morning and evening, apply to dampened face and neck. Emulsify in circular motions and rinse with a wet cleansing cloth. Complete the cleansing with the TONIC gentle lotion.
THE LITTLE +	A cool gel, pleasant to use. Leaves the skin fresh and clear without attacking it.
PRESENTATION	200ml pump bottle

EXFOLIATING CREAM

Future name

EXFOLIE

Exfoliating Cleansing cream

ALL SKIN TYPES

DESCRIPTION	A micro-exfoliation for all skin types. This cleansing cream filled with exfoliating microbeads clears the skin of dead cells and helps eliminate all impurities.
ACTIVE INGREDIENT(S) AND RESULT	Protein complex enriched with amino acids: protects the skin and stimulates skin cells. Softens and nourishes the skin. Jojoba beads: gently exfoliate.
USE	Apply a small amount all over the face and neck. Work in circular motions and rinse with lukewarm water with a cleansing cloth. Perfect the withdrawal and tone with the TONIC gentle lotion.
THE LITTLE +	2 in 1 product: gently cleanses and exfoliates. Daily in your beauty routine or once or twice a week. A soft cream associated with jojoba beads, leaves the skin soft and purified. The complexion is luminous and radiant.
PRESENTATION	200ml bottle

Gentle lotion Leapsal TONIC

Future name

TONIC
Gentle lotion

ALL SKIN TYPES

DESCRIPTION	Tones the skin on a daily basis. This alcohol-free lotion tones the face in the morning, perfects makeup removal in the evening without drying out the skin. The skin is fresh and luminous.
ACTIVE INGREDIENT(S) AND RESULT	The powerful hydrating* glycerin helps reduce transepidermal water loss. A softening agent brings softness and suppleness. <i>*the upper layers of the skin</i>
USE	Apply morning and evening to perfect make-up removal and/or cleansing. To complete the removal of scrubs and masks, neutralises the harmful effects of limestone when the products are rinsed with water.
THE LITTLE +	For all skin types. Essential step for perfect makeup removal. The lotion removes the last impurities and traces of makeup. An alcohol-free formula that respects the skin's balance. For a rosy, fresh, even, radiant complexion. Fresh and sweet scent.
PRESENTATION	200ml bottle

REACTIVE SKINS

DESCRIPTION	The ally of reactive and delicate skin. This treatment soothes the skin and helps it fight against climatic and thermal factors which disturb its natural balance. Redness is reduced and the skin is soothed.
ACTIVE INGREDIENT(S) AND RESULT	Calendula flower extracts: soothing and softening properties and decongests hypersensitive and blotchy skin. Corn phytostimulins: stimulate cellular respiration, help skin regeneration.
USE	Morning and evening, apply locally on redness, under your daily treatment.
THE LITTLE +	As a complement, and under the day & night cream. Reduces redness, not correcting. An effective response to act on redness due to climatic and thermal factors.
PRESENTATION	40ml tube

RIMSER

Revitalizing treatment

FOR ALL SKIN TYPES

DESCRIPTION	The SOS balm for skin issues. Concentrated in proteins, this balm allows the skin to regain the energy necessary to repair skin incidents: first wrinkles, redness, pimples, scars, temporary irritations. Indispensable product for your daily beauty routine.
ACTIVE INGREDIENT(S) AND RESULT	Protein complex: source of amino acids, mineral salts and trace elements. Strengthens the natural protection of the skin. Yeast extract: repairing and regenerating properties. Activates the synthesis of collagen, stimulates the immune system and promotes the healing process.
USE	Apply locally morning and evening using the applicator tip on the surfaces to be corrected. Then apply your usual treatment.
THE LITTLE +	Iconic PIER AUGÉ product for 60 years. Keep in your bag to relieve skin incidents day and night. Can also be used around the eyes and lips.

DESCRIPTION	<p>Youth capital preserved. This treatment helps the skin to prevent the appearance of wrinkles and the first signs of aging. It provides your skin with immediate hydration* and allows it to manage its basic needs.</p>
ACTIVE INGREDIENT(S) AND RESULT	<p>Hp DNA: powerful antioxidant. Traps free radicals and fights skin aging. Tissue regeneration.</p> <p>Moisturizing complex®: composition close to NMF (natural hydration factors*), promotes water fixation, provides flexibility.</p> <p>Aminopeptidic complex (soy proteins)®: revitalizing, rich in peptides, essential amino acids and mineral salts, accelerates the respiration of epidermal cells, stimulates their growth and contributes to the maintenance of their functions.</p> <p>Alpha bisabolol: powerful soothing, calms irritation and improves the skin's natural repair process.</p> <p>Borage oil: softening and regenerating, combating dryness and skin aging.</p> <p><i>*the upper layers of the skin</i></p>
USE	<p>Apply it in the morning and evening to a perfectly clean face and neck. Use alone or in combination with a serum.</p>
THE LITTLE +	<p>The ideal treatment to fight against the first signs of aging. A fluid and light texture. A fresh and delicate fragrance. Excellent makeup base.</p>

Regenerating Tri-active Treatment COMPLÉTUDE

Future name

COMPLÉTUDE Regenerating Tri-active Treatment

DRY AND DELICATE SKINS

DESCRIPTION	The complete anti-aging treatment for dry and delicate skin. This triple action treatment nourishes, protects and prevents the driest and most delicate skin from aging.
ACTIVE INGREDIENT(S) AND RESULT	<p>Hp DNA: powerful antioxidant. Traps free radicals and fights skin aging. Tissue regeneration.</p> <p>Hyaluronic acid: stores water, maintains the suppleness and elasticity of the skin.</p> <p>Bifidus extract: natural probiotic that protects against cellular damage and stimulates the natural cellular mechanism of DNA repair.</p> <p>Firming complex®: protects elastin fibres, stimulates collagen synthesis, restores firmness and tone to the skin.</p> <p>Vitamin E: antioxidant and anti-aging.</p> <p>Borage oil: softening and regenerating, combating dryness.</p> <p>Wheat germ oil and wheat germ extract: Rich in omega 6, Vitamin A and E, protect cell membranes, bring softness to the skin.</p>
USE	Apply it in the morning on a perfectly clean face and neck. Alone or in addition to a serum to reinforce its effectiveness.
THE LITTLE +	<p>Iconic PIER AUGÉ product. From 35 years onwards.</p> <p>3 in 1 action: nourishes, protects and prevents skin aging. Acts on wrinkles and prevents premature aging.</p> <p>A rich, melting emulsion instantly combines with the skin. Excellent makeup base.</p> <p>Your Skin's memory</p>

Regenerating smoothing Treatment LE SOIN

Future name

TONILIS
Tensing treatment

DEHYDRATED SKINS, LACKING OF FIRMNESS

DESCRIPTION	<p>An anti-stress treatment. While protecting against dehydration, this treatment has a tightening and plumping effect on the face. The skin is smoother and more luminous.</p>
ACTIVE INGREDIENT(S) AND RESULT	<p>High protein tensor complex@: firms the skin, forms a smooth, resistant and elastic film, reduces wrinkles.</p> <p>Hydrating* and anti-stress@ complex: contains hyaluronic acid, a powerful moisturizer* associated with calming and repairing vitamin B5. Fixes water and improves skin hydration.</p> <p>Firming complex@: protects elastin fibres, stimulates collagen synthesis, restores firmness and tone to the skin.</p> <p>Borage oil: softening and regenerating, combating dryness.</p> <p>Wheat germ oil: nourishing and protective, suitable for dehydrated skin.</p> <p>Encapsulated vitamins A, E and C: powerful antioxidants, fight against aging and restore radiance to the complexion.</p> <p><i>*the upper layers of the skin</i></p>
USE	<p>Apply it in the morning on a perfectly clean face and neck. Apply alone or over a serum.</p>
THE LITTLE +	<p>For skin lacking firmness and elasticity. 2 in 1: treatment & makeup. unifies and beautifies the skin in a single step. The shade adapts to the skin tone.</p>

ADN PRÉCIEUX Firming Serum

MATURE SKINS, LACKING OF FIRMNESS

DESCRIPTION	<p>An anti-aging gem. Firming, this serum is based on the trace elements of three semi-precious stones. It protects cells from aging and fights against sagging skin and sagging of the oval of the face and neck.</p>
ACTIVE INGREDIENT(S) AND RESULT	<p>Hp DNA: powerful antioxidant. Traps free radicals and fights skin aging. Tissue regeneration.</p> <p>Hyaluronic acid: stores water, maintains the suppleness and elasticity of the skin.</p> <p>Malachite extract: rich in copper, antioxidant and detoxifying properties.</p> <p>Smithsonite extract: rich in zinc, protects the DNA of cells.</p> <p>Rhodocrosite extract: rich in manganese: protects fibroblasts (connective tissue cells).</p> <p>Vitamin E: antioxidants trap free radicals and fight against aging, stimulate collagen synthesis.</p>
USE	<p>Morning and evening on perfectly cleansed face, neck and décolleté. Before the treatment cream.</p>
THE LITTLE +	<p>This serum is intended for mature skin showing a lack of firmness and tone. Sculpts the contours of the face; redensifies and restructures. Fluid, non-sticky emulsion.</p>
PRESENTATION	<p>30ml pump bottle</p>

Soin Redensifiant ACMA

ACMA
Soin redensifiant

GLOBAL ANTI-AGING TREATMENT, MATURE SKINS

DESCRIPTION	<p><i>The memory of the skin.</i> <i>Intelligent, this voluptuous anti-aging, multi-active treatment nourishes the skin, restructures it, oxygenates and hydrates it.</i> <i>Its light texture and fragrance embellishes everyday life.</i> <i>ACMA stimulates the self-defence syntheses of the skin, redensifies the tissues and reminds the skin that it holds all the keys to maintaining its integrity.</i></p>
ACTIVE INGREDIENT(S) AND RESULT	<p>Triple hydration complex®: Hyaluronic Acid: Stores water, capable of capturing up to 1,000 times its weight in water. Maintains the suppleness and elasticity of the skin. Cassia Angustifolia seed extract: improves the skin's ability to retain water, provides immediate hydration.* Biomimetic Moisturizer: by biological mimicry, reproduces the structure of the phospholipid membrane. Supports the skin's natural protective barrier. Provides long-lasting hydration.</p> <p>Fluorinated oils: form a barrier film on the skin, protect against external threats and transport oxygen to the cells.</p> <p>Shea butter and vegetable oils (Camellia, Evening Primrose, Wheat germs): nourishing and repairing, protect against dryness.</p> <p><i>*the upper layers of the skin</i></p>
USE	<p>Apply it in the morning and evening to a perfectly clean face and neck. Associated with the serum for an overall regenerating action.</p>
THE LITTLE +	<p>The ultimate complete treatment for mature skin. Anti-aging, oxygenation, hydration, nutrition and repair = memory of the skin. A soft, delicately scented cream.</p>

RELAXING TREATMENT MASK

Leave-on mask

Future name

LE MASQUE
Relaxing leave-on mask

ALL SKIN TYPES

DESCRIPTION	<p>This relaxing treatment mask combines the tightening effects of a mask with the moisturising and softening properties of a treatment. It regenerates and reduces signs of fatigue. The skin is replenished.</p>
ACTIVE INGREDIENT(S) AND RESULT	<p>Hyaluronic Acid: Stores water, capable of capturing up to 1,000 times its weight in water. Maintains the suppleness and elasticity of the skin.</p> <p>Cassia Angustifolia seed extract: improves the skin's ability to retain water, provides immediate hydration.*</p> <p>Biomimetic Moisturizer: by biological mimicry, reproduces the structure of the phospholipid membrane. Supports the skin's natural protective barrier. Provides long-lasting hydration.*</p> <p>Enzymes: stimulate cell renewal, promote the elimination of dead cells.</p> <p>Anti-pollution plant complex: protects skin cells against attacks from polluting agents, purifies the skin.</p> <p>Jojoba oil: nourishing and softening, protects against dehydration.</p> <p><i>*the upper layers of the skin</i></p>
USE	<p>Apply to perfectly cleansed face and neck with the gentle cleansing gel scrub. In a medium layer, leave on for 5 to 10 minutes. Gently rub in the excess using circular movements.</p>
THE LITTLE +	<p>Intended for all skin types. A 2 in 1 treatment: provides hydration, softness and radiance. Easy and quick to use. No rinsing necessary.</p>
PRESENTATION	<p>50ml tube</p>

EYE CONTOUR GEL

Anti-fatigue Gel

Future name

LE CONTOUR DES YEUX

Smoothing anti-fatigue eye contour gel

ALL SKIN TYPES

DESCRIPTION	This fresh gel takes care of the fragile area around the eyes. The signs of fatigue disappear and the eye area is more relaxed, rested.
ACTIVE INGREDIENT(S) AND RESULT	<p>Green tea extract: rich in polyphenols, tones and fights eyelid swelling.</p> <p>Beech bud extract: regenerates and stimulates cell metabolism.</p> <p>Hyaluronic Acid: Stores water, capable of capturing up to 1,000 times its weight in water. Maintains the suppleness and elasticity of the skin.</p> <p>Cassia Angustifolia seed extract: improves the skin's ability to retain water, provides immediate hydration.*</p> <p>Biomimetic Moisturizer: by biological mimicry, reproduces the structure of the phospholipid membrane. Supports the skin's natural protective barrier. Provides long-lasting hydration.*</p> <p>Anti-pollution plant complex: protects skin cells against attacks from polluting agents, purifies the skin.</p> <p>Bifidus extract: natural probiotic that protects against cellular damage and stimulates the natural cellular mechanism of DNA repair.</p> <p>Aesculine: stimulates the cutaneous microcirculation, acts on the bags under the eyes.</p> <p>Vitamin C: antioxidant, fights against aging, stimulates the synthesis of collagen</p> <p><i>*the upper layers of the skin</i></p>
USE	Morning and evening after cleansing, apply a few touches of product under the eyes. Pat and smooth from the inside out for a draining effect.
THE LITTLE +	A multifunctional treatment: reviving, hydrating, revitalising. It protects the eye area. A fresh gel that absorbs instantly, easy to use. All ages and all skin types.
PRESENTATION	15ml tube

HYPER HYDRATING Protective Treatment

Future name

LE SOIN Protective hydrating Treatment

ALL SKIN TYPES

DESCRIPTION	<p>The anti-aging routine adapted for men. This treatment allows the skin to restructure, to form an anti-pollution barrier and to resist daily external threats. Its non-greasy texture penetrates immediately and provides a feeling of comfort.</p>
ACTIVE INGREDIENT(S) AND RESULT	<p>Vegetable glycoproteins: stimulate cellular respiration and regenerate tissues.</p> <p>Hyaluronic Acid: Stores water, capable of capturing up to 1,000 times its weight in water. Maintains the suppleness and elasticity of the skin.</p> <p>Cassia Angustifolia seed extract: improves the skin's ability to retain water, provides immediate hydration.*</p> <p>Biomimetic Moisturizer: by biological mimicry, reproduces the structure of the phospholipid membrane. Supports the skin's natural protective barrier. Provides long-lasting hydration.*</p> <p>Anti-pollution plant complex: protects skin cells against attacks from polluting agents, purifies the skin.</p> <p>Aminopeptidic complex (soy proteins)@: revitalizing, rich in peptides, essential amino acids and mineral salts, accelerates the respiration of epidermal cells, stimulates their growth and contributes to the maintenance of their functions.</p> <p>Aesculine: stimulates the cutaneous microcirculation, acts on the bags under the eyes.</p> <p>Jojoba oil: nourishing and softening, protects against dehydration.</p> <p>Evening Primrose Oil: rich in essential fatty acids (omega 6), promotes hydration* and suppleness of the skin.</p> <p>Vitamin E: antioxidant and anti-aging.</p> <p><i>*the upper layers of the skin</i></p>
USE	Apply it in the morning and evening to a perfectly clean face and neck.
THE LITTLE +	<p>A complete moisturising, anti-fatigue, anti-pollution and anti-aging treatment. Specifically formulated for men's skin.</p> <p>A light texture that absorbs instantly. Brings comfort and shine. All Skin Types.</p>
PRESENTATION	50ml Tube

AFTER SHAVE Ultra Mat Balm

Future name

L'APRÈS-RASAGE
Soothing after shave balm

ALL SKIN TYPES

DESCRIPTION	This soothing and hydrating balm is anti-inflammatory. Absorbs instantly after application, the skin regains its suppleness.
ACTIVE INGREDIENT(S) AND RESULT	<p>Alpha bisabolol: powerful soothing, calms irritation and improves the skin's natural repair process.</p> <p>Hyaluronic Acid: Stores water, capable of capturing up to 1,000 times its weight in water. Maintains the suppleness and elasticity of the skin.</p> <p>Aminopeptidic complex (soy proteins)®: revitalizing, rich in peptides, essential amino acids and mineral salts, accelerates the respiration of epidermal cells, stimulates their growth and contributes to the maintenance of their functions.</p> <p>Cassia Angustifolia seed extract: improves the skin's ability to retain water, provides immediate hydration.*</p> <p>Biomimetic Moisturizer: by biological mimicry, reproduces the structure of the phospholipid membrane. Supports the skin's natural protective barrier. Provides long-lasting hydration.*</p> <p>Anti-pollution plant complex: protects skin cells against attacks from polluting agents, purifies the skin.</p> <p>Jjoba oil: nourishing and softening, protects against dehydration.</p> <p>Provitamin B5: calming, participates in the healing process.</p> <p>Aesculine: stimulates the cutaneous microcirculation, acts on the bags under the eyes.</p> <p><i>*the upper layers of the skin</i></p>
USE	Apply after shaving to perfectly cleansed skin.
THE LITTLE +	This balm immediately calms the irritation of shaving. Heals, moisturises, the skin is more supple. It absorbs instantly and leaves a matte effect on the skin. All skin types, even the most reactive.
PRESENTATION	50ml Tube

THE BODY

For its wellbeing, the body, like the face, needs daily care. This is why PIER AUGÉ has designed a targeted anti-aging body treatment to allow each woman to take care of the skin of her body.

ADN SOIE

Revitalizing body lotion

ALL SKIN TYPES

DESCRIPTION	<p><i>Voluptuousness and comfort.</i></p> <p>This complete body treatment revitalises, nourishes and energises the skin while maintaining its elasticity and suppleness.</p>
ACTIVE INGREDIENT(S) AND RESULT	<p>Hp DNA: powerful antioxidant, traps free radicals and fights against skin aging.</p> <p>Corn phytostimulins: stimulate cellular respiration, help skin regeneration.</p> <p>Moisturizing complex: composition close to NMF, promotes water binding, provides flexibility.</p>
USE	<p>Daily, after showering, apply all over the body.</p>
THE LITTLE +	<p>A moisturizing and revitalizing treatment for the body on a daily basis.</p> <p>Hydrates, nourishes and strengthens elasticity to prevent skin aging. Can also be used as an after-sun or post-depilation.</p> <p>Sweet scent.</p> <p>Light and melting texture, absorbs instantly and leaves the skin soft and velvety.</p> <p>All ages and all skin types.</p>
PRESENTATION	<p>200ml pump bottle</p>

ACTIVE FOCUS

HP DNA

PIER AUGÉ Active signature

A natural molecule

Found in the nucleus of each cell, present in all living organisms, an essential role in the biosynthesis of proteins, at the origin of all vital processes.

Hp DNA from molecular biology

Highly polymerised = molecularly intact to be efficient and transmit fundamental information in protein synthesis.

It is also:

Antioxidant, regenerates, revitalises, rebalances and heals. Hydrophilic and moisturising

Absorbs short UV rays Protects cellular DNA

Controls the sebaceous function (balances the hydrolipidic film)

PIER AUGÉ signature with the alliance of Hp DNA and hyaluronic acid.

PATENT AWARDED IN 1984 BY THE CNRS AND ANVAR (certification institutes). CRYO RESTRUCTUREL is the 1st biological facelift

HYALURONIC ACID

Ensures the structure of cognitive tissues because it is the main component of the dermis. Used in PIER AUGÉ products to counterbalance the lack of protein & of water in the skin structure.

Forms a visco-elastic network Controls the level of hydration, ensures tissue tone, promotes the sliding of collagen fibres, stimulates and tones elastic fibres, plumps, fills wrinkles.

Capable of holding 1,000 times its weight in water.

ENZYMES

Hydrate & heal in a natural way and therefore fight against the loss of elasticity of the skin.
Exfoliating action of the superficial layers of the epidermis Cleanses the skin surface without any bio-detergent effect
Purifies and makes the skin luminous.

BIFIDUS

Cutting-edge technology: probiotic, very powerful anti aging action. Over-activates the action of Hp DNA while strengthening the protection of cellular DNA.

BORAGE OIL

Protects from specific threats.
High content (20%) in gamma linolenic acid (Vit F) which protects the cell membrane, restores the barrier function of the skin.
Rich in vitamins (A, D, E, K): anti-aging, regenerate, nourish and tone.

HYDRAPORINE

Aquaporins are proteins discovered by Peter AGRE having been the subject of a NOBEL PRIZE in 2003

Proteins housed in the cell membrane that forms a channel that allows water to quickly enter and exit cells.

Aquaporins and the skin

When the metabolism of aquaporins is altered, or when age slows down their renewal, the skin is deprived of its water capital and loses its youthful and supple appearance.

Aquaporins allow maximum hydration of skin cells, helping to maintain a water balance within it.

Hydraporin boosts the activity of aquaporins already present in the skin, as well as the synthesis of new proteins.

TRI-HYDRATION COMPLEX

Strengthens the action of aquaporins
Hyaluronic acid, beech buds and bio-mimetic moisturiser

Long-lasting hydration

Hyaluronic acid: immediate

Beech bud: long term, stimulates natural anti-aging capacities and promotes water retention in the skin.

Bio-mimetic: controls the rate of hydration, positions itself under the skin's surface, stores water instead of letting it evaporate and redistributes it when the skin needs it.

FLOWER ACIDS

The first AHAs suitable for sensitive skin. Derived from Hibiscus, they offer exceptional regenerating and moisturizing properties and prevent water loss; they ensure perfect skin tolerance.

Highly concentrated, flower acids reduce signs of aging, regenerate cells, hydrate, control sebum production and improve texture of the skin.

SEMI-PRECIOUS STONES

Malachite

Rich in copper, it neutralises free radicals, increases the production of collagen and elastin (structural proteins) and strengthens the skin's defence mechanisms.

Rhodocrosite

Rich in manganese, it fights against free radicals, protects structural elements, protects against UVA

Smithsonite

Rich in Zinc, participates in the synthesis of elastin, amplifies the synthesis of proteins responsible for protecting DNA

FLUORINATED OILS

Carry oxygen without toxic effect to cells and release CO₂ when used. Form a barrier film without preventing the skin from breathing. Thanks to this film, water loss is limited, the skin remains perfectly balanced.
